

Ximi backup power autonomous portable solar generator wholesaler

I purchased this portable solar panel together with their solar generator. They work well together. I am in Las Vegas so we have very strong sun exposure and the 50W panel would charge the Solar Generator in 5-6 hours only (220Wh).

Your power needs will determine the size and capacity of the solar generator you should buy. Here's a simple breakdown: Small Homes/Businesses: A 1000Wh solar generator will cover essential appliances like lights, phones, and small refrigerators.; Medium-Sized Homes/Businesses: Opt for a 2000-3000Wh generator to power larger devices like TVs, ...

I couldn't be more satisfied with my [portable solar] Kit from Ben! After hurricane Irma, we were out of power for two weeks. Our gas generator was inconvenient to sustain, primarily because of the long gas station lines and cost. I wanted an alternative power source, began researching solar, and how I found Ben.
